HOW DO WE LIVE OUT OUR
FAITH TODAY?**

AUTHENTIC FAITH

James 3:1-12 - Authentic Humility

When faith is expressed it doesn't damage

Discuss/Reflect

- Where are we seeing the impact of words in our society?
- Do you agree with James' assessment about the power of words?
- What do you think of the idea of the tongue having the power to direct us? Where is your tongue steering you?
- How can we be more purposeful with our words? Do you have any strategies to help be more positive with words?
- Where might we be neglecting to speak out when we should? What can help us to know when to speak out?
- How might being a part of Kahaila help us to use our words more purposefully and productively?

Create

Light a candle. As you light it, reflect on the impact that the small spark can have. Spend some time reflecting on your own words. Ask God to guide you to whether there are particular people that you could encourage with some words of comfort today. Write or draw your prayers for them, and share with them if you feel led to.
